### SUMMARY STATEMENT

We are seeking to fill a part time, independent contractor CT Technician position in our Downey location.

### RESPONSIBILITIES

The CT Technologist will be responsible for utilizing technical skills in operating digital radiological equipment to produce CT of a patient's body for diagnostic purposes. This responsibility includes completing scans effectively and efficiently while maintaining the highest standards of patient care possible in order to provide the most remarkable patient experience.

### REQUIREMENTS

- 2+ years of experience as a CT Technologist
- Knowledge of radiologic procedures and standards
- Skill in operation of radiology equipment
- Customer service background and focus
- Graduate of an accredited radiologic technology program
- Certification by the American Registry of Radiologic Technologist (ARRT) and state licensure
- Complete required CEU's in a timely manner to ensure Certification remains active
- Must possess good oral and written communication skills to effectively interact with staff, physicians and patients
- Must be able to multi-task in a fast-paced environment
- Bilingual in English/ Spanish a plus
